

Abstract

The task of the bachelor work "The impact of the war in Kosovo on the relationship of Russia and the USA" is to answer through comparative analysis the issue of what impact the war in Kosovo had on the American-Russian relationship or possibly to eradicate this impact. The text deals with the policies of the USA and Russia in the context of the Kosovo war, not as a historic event. It is divided into three chapters: The first chapter describes the attitude of NATO, especially of the USA toward Serbia mainly regarding policies toward Serbia prior to, and during the war, and political activities ending the war. In the second chapter there are the same topics seen from the view of Russia toward Serbia. In the third and last chapter there is comparing of these two approaches going on, and based on it the final position to the main issue of the research is worked out.
